DEMOCRATS LEAD IN REGISTRATION

Have Majority of 897 Over Local
Local Republican
Hosts

REPUBLICANS IN BIG MUDDLE

Paris Democrats, both male and female, did their duty nobly at the registration held in this city Tuesday, rolling up the handsome majority of 897, which will be very nice for the coming election in November.

The workers were out early and late, and automobiles placed at their disposal carried large numbers of voters to the voting places, who were unable to make the journey on foot. The enthusiasm was manifest, even if somewhat subdued, and on all sides the query was heard, "Have you registered yet? Better not forget it." "Get out and get 'em" was the order that went out to the workers of both parties, and they got 'em, the Democrats seeming to have the biggest end of the getting.

Homes were invaded for the negligent and the ones who were unable to make the journey on foot. No matter how old or infirm a person, he or she was urged to go to the polls and register. Motor vehicles were sent to the homes of old people, who were told "How young you look for your age," and urged to register. Faces of the Democratic workers were a pleased look long before the polls closed at nine o'clock Tuesday night. Their pleasure was more evident when the figures showing a large Democratic majority were given out, and with broad smiles they predicted, "We'll get 'em in November."

The registration in Paris resulted in a total of 2,967 persons registering, divided as follows: Democrats 1,932, Republicans 1,035. Democratic majority, 897. The registration by precincts follows:

	Dem.	Rep.
Paris No. 1	200	38
Paris No. 2	290	25
Paris No. 3	253	81
Paris No. 4	269	65

BOURBON COUNTY'S REPRESENTATIVE SPEAKS AT MAYSVILLE

The Maysville Bulletin says: "Hon. J. H. Thompson, Representative in the Kentucky Legislature, from Bourbon county, delivered a splendid address to a good-sized audience in the court house, Monday afternoon. He paid his respects to Edwin Morrow and his many promises that he has so far failed to fulfill to the failure of the Republican party to enact a single law to relieve the tax-burdened people of the State. He attributes part of the failure to do anything for the relief of the taxpayers to Dr. W. S. Yazell, inasmuch as he voted always with his party."

GLOBE TROTTER BY TRUCK

Four young men who claimed to be globe trotters, traveling in a light motor truck with an organ in the rear, were in Paris this week, giving concerts of old time songs, and selling sheet music and song books. They were en route to Florida. Their vehicle was adorned with banners and signs gathered from different parts of the United States.

forty-five days before the election, they will not be able to get the names of their candidates on the official ballot for the November election. The party managers had selected practically a full ticket for the county offices and now their cake is all dough, unless something happens to relieve the situation, which is hardly probable, as the law expressly stipulates that all nomination certificates must be filed with the Clerk forty-five days before the regular election. Conferences were held by the party managers yesterday afternoon in the hope of finding some way out of the difficulty but, judging from the looks on their faces, it was evident that there was no balm in Gilead for them.

OUR NEW MODEL 14 LINOTYPE A MACHINE ALMOST HUMAN

The BOURBON NEWS Now Prepared To Handle Almost
All Kinds of Work

COME IN TUESDAY, SEE IT WORK

THE NEWS Is Now a Modernly
Equipped Plant, Being Able to
Handle All Kinds of Work
Speedily

Our patrons and friends are cordially invited to come in at any time and have a look at this wonderful machine. We will take pleasure in showing and explaining to you the vast amount of work that he can accomplish on this, an almost human piece of machinery.

With a good deal of satisfaction the editor of THE BOURBON NEWS announces the installation of a new Model 14 Linotype. This mechanical marvel is specially equipped with a complement of type faces which enables us to serve the large number of persons who look to our publication for enlightenment and entertainment, and who patronize our job department.

The rapidly increasing circulation of THE BOURBON NEWS, together with our desire to place at the command of our advertisers and others the highest grade of typography, induced us to add to our mechanical equipment a multiple-magazine linotype, for the quick and accurate and pleasing presentation of the news of the day, and the production of superior job work.

Our new Linotype enables us to set by machine virtually all forms of composition that previously necessitated tedious hand work. Our plant is now capable of turning out composition consisting of correct type faces in many different sizes, and the change from one size to another is made by a "twist of the wrist." In the flicker of an eyelash the versatile operator—whose hand is made famous by the Mergenthaler Linotype Company as "the hand that

keeps the world informed"—on the versatile machine sets type of eight different faces and sizes.

This installation is a testimonial to the prosperity of Paris and vicinity. And that the good people of the community are duly appreciative of our efforts to serve them in all departments of the printing business, is manifested by the many compliments received from individual patrons since the arrival of our new machine.

The accompanying illustration will give our readers some idea of the marvelous mechanism of the Linotype, which is a machine on an assembled matrices (or little brass molds) and lines of type cast—lines such as you are reading. The particular model of machine which we have just installed carries at one time four sets of matrices—controlled from a standard keyboard of ninety keys, an auxiliary keyboard of twenty-eight—gives the operator instant command of 568 different characters.

Besides enabling the operator to set various faces and sizes of type, our new Linotype makes it possible for him to produce the rules and dashes and borders which are used in various advertisements in each issue of our publication. When employed in the composing of advertisements, booklets, catalogues, and various other kinds of printed matter, our new Model 14 enables one operator to set in the same time more type than ordinarily could be produced by five or six men or women doing the work by hand—and the composition is incomparably better.

While for a long time we have received the patronage of a host of subscribers, advertisers, and printing buyers in general, we look forward to the handling of an even greater volume of business now that we are so well qualified to render the sort of service most to be desired.

It has been our aim to present the news of the day without fear or favor, and to reflect faithfully the ideals and ambitions of our constituents and we shall continue to devote our talents and resources to the fulfilling of this aim. And of great help to us in the carrying out of our purpose will be our new Model 14 Linotype.

BASE BALL

The Paris Ruggles team will play the Cynthiana team on the latter's grounds Sunday afternoon. Paris will probably present Campanoni and Carter as their battery, and a strong line-up to support them. W. V. Shaw, of Paris, will umpire the game. Intense rivalry between the teams should bring out a large crowd Sunday afternoon to cheer the home boys on to victory.

AUTOMOBILE BURNED

A new Paige touring car belonging to Fred Grater, of Carlisle, was totally destroyed by fire near Millersburg, Monday night. Mr. Grater was driving along in the machine when he discovered it was on fire. The flames gained such headway that the car was completely destroyed in a short time. It was supposed the blaze originated from leaking gasoline. The car was partly insured.

CANVASSING FOR FALL FESTIVAL

A canvass which is now in progress among the merchants of Paris for the sale of booths for the Fall Festival, October 26, 27 and 28, practically assures the success, according to the reports made by Withers Davis, general chairman. Mr. Davis says the business men of the city are giving their unqualified support to the project.

The executive committee, composed of Withers Davis, M. E. Guttman, Chas. P. Cook, Chas. A. Webber and James M. Caldwell, is rapidly completing its preliminary plans. The entertainment committee, composed of Oscar T. Hinton, D. L. Y. Farley and Garrett Jefferson is working out a program of entertainment which will include band concerts, vaudeville and a pageant.

BOURBON FISCAL COURT

The Bourbon Fiscal Court met yesterday, Judge George Batterson presiding and a full board of magistrates present. After allowing a large number of claims against the county, the Court heard the reading of the Road Commissioner's report, which was accepted and filed. The sum of \$40,044 was ordered paid to the Road Commissioners, for expenses incurred and accounts paid, payable out of the Turnpike Fund.

The following physicians were elected to attend to the pauper practice of the city and county, at the salary set opposite their names: Paris—Drs. A. H. Keller and F. M. Farley, \$500, divided; Millersburg—Drs. C. B. Smith, H. M. Boxley, J. D. Calhoun and W. G. Dailey, \$200, divided; Flat Rock—Drs. P. L. McClure and B. F. McClure, \$100, divided; North Middletown—Drs. L. R. Henry and G. A. Cook, \$150, divided; Clintonville—Dr. J. C. Hart, \$100; Hutchison—Dr. Wm. Kenney, \$100; Centerville—Dr. Elmer Sweetnam, \$100; Ruddles Mills—Dr. George L. Rankin, \$100; County Infirmary—Dr. George L. Rankin, \$200.

Jos. Godman was re-elected Keeper of the County Infirmary for the ensuing term, at the same salary. Dr. C. E. Wood was elected Livestock Inspector for the ensuing term at the same salary as now fixed. Ordered that the county purchase one Burroughs adding machine for the Tax Commissioner's office. Ordered that the appropriation heretofore made to Mary Nichols and Lee Strawder be discontinued. A set of resolutions was adopted by the Court on the death of John T. Collins, and ordered spread on the minute book of the Court and copies mailed to members of the family.

THE SYNOD TO CONVENE HERE

Interesting Meeting of Religious
Body At Presbyterian Church
At 7:30 P. M.

BITS OF CHURCH HISTORY

The members of the First Presbyterian Church of Paris, are making great preparations for the entertainment of the Synod of Kentucky of the Southern Presbyterian Church. The meeting begins Tuesday night, October 11, at 7:30 o'clock, and the sessions will continue through Thursday night. Mr. John Woodford, from the Board of Deacons, Mrs. S. W. Willis, President of the Pastor's Aid, and Rev. T. S. Smylie, pastor of the church, form the Executive Committee for making the arrangements.

The Synod of Kentucky was organized in 1802. The Presbyterian churches were among the first to be organized in Kentucky. It seems from the Journal of one, R. Henderson, that a clergyman from the Church of England held the first service in the State of Kentucky. Under the date of May 23, 1778, in that journal is the notice "Divine Service for the first time in Kentucky was performed by the Rev. John Lythe, of the Church of England." The services were held "under the grand old elm" at Boonesboro. It seems that only hasty provision had been made for that service and that they hoped to make better provision with seats and benches before the next Sunday. The writer's observation on the congregation at that time is interesting. "To perform divine service in a public manner and that to a set of scoundrels, who scarcely believed in God or fear a devil, if we are to judge from the looks, words or actions of most of them."

The Baptists probably come next. In 1776 Rev. Wm. Hickman preached at Harrodsburg while on a tour of observation. Several years later he returned, and, in 1781, organized a church at Gilbert's Creek, near Lancaster. We find that the Circuit of Kentucky was among five new circuits, added to the three Conferences of the Methodist church in the year 1786. The three conferences at that time were North Carolina, Maryland and Virginia. The Presbyterians seem to have started about 1783. Rev. David Rice emigrated to the State in that year and gathered together the three congregations of Danville, Cane Run and the Forks of the Dix River. The Presbytery of Transylvania was organized in 1786. It met for the first time in the court (Continued on Page 4)
